

1. Scope and Rationale

This policy sets out the terms of refunds, compensation and rights to appeal that Bolton College will consider paying to students who are affected by the withdrawal of a programme of study by the College.

Bolton College has published a Student Protection Plan (SPP) for HE students which sets out how continuation and quality of study will be preserved for registered and enrolled students if a risk to their continued study crystallises. The SPP is designed to assure all students that the College has appropriate arrangements in place to protect to the maximum extent possible the interests of students if a programme of study is withdrawn.
